- The goal in the next 3 to 5 years will be to become a specialist to find, analyze and evaluate system vulnerabilities or security

## Skills

Penetration Test WebApp, MobileApp, API

Network / System & Service Security

Research Vulnerabilities

English

## Honors & Awards

Consolation Prize IT HUTECH GOT TALENT  
2018

## Education

Sep 2015 - Sep 2019

### HUTECH University of Technology

Industry: Information Technology / Major: Information Security

Degree: Bachelor of Technology - BTech / Grade: Credit

- Good study of specialized subjects such as Computer network safety, Information security for web applications, Analysis and evaluation of information security.

- Knowledge of programming languages: C, C#, Java, Php, Python, ... - Fluent in using other operating systems such as Ubuntu / Centos / Kali Linux

- Ability to read and understand documents in English.

## Work experience

March 2019 - Present

### HPT Information Security Center

#### Employees

- Pentest Web Application, Mobile Application (IOS), API.

- Deploy application security such as Fortify SSC, SCA and Security services.

- Sharing team members in the areas of Web and Mobile security and related attack / defense tools.

March 2019 - June 2019

### HPT Information Security Center

#### Internship

- Accumulate and exchange penetration testing webApp

- Exploit vulnerability WebApp

- Rebuild cve on platform such as Liferay, Ruby on Rails, Wordpress

- Join the pentest project for credit companies and the city portal website,...

Feb 2017 - June 2019

### Admissions Consultancy Office - HUTECH

#### Collaborators

- Accumulate and exchange teamwork ability

- Ability to work with high intensity and pressure

- Training on presentation skills, consulting, photography, photoshop, illustrator, premiere, seo writing, ...

Nov 2015 - Sep 2016

Consolation Prize the Student Preliminary Round with Southern Region Information Security 2018

2018

First prize of Computer Network & Information Security Open Competition 2018

2018

Third prize IT HUTECH GOT TALENT 2017

2017

Consolation Prize Preliminary round of the Southern Region Information Security Student Contest 2017

2017

## Certifications

CCNA Router & Switch - Newstart

2018

National B1 English

2018

## Interests

Travel  
Research  
vulnerabilities

Guitar  
Bug Bounty

### Student Support Team - HUTECH

#### Member

- Accumulate and exchange teamwork ability.
- Participate in many volunteer campaigns

Sep 2015 - Sep 2019

### HUTECH University of Technology - HUTECH

#### Student

- Accumulate knowledge about information security and computer network at school to support the work after opening.
- Experiment with many labs to exploit vulnerabilities in web applications using SQL injection, XSS, CSRF, SSTI, RCE,...
- Do lots of lab attacks sniffing & spoofing on Kali Linux.- Learn about Data Forensics and apply in CTF.
- Learn about Web AppSec and apply in CTF
- Participate in security workshops and firewalls.Learn about programming languages: C, C #, Java, Php, Python, ...
- Accumulate experience in management, assigning tasks in the project through course projects.

## Activities

Dec 2018 - Dec 2018

### IT HUTECH GOT TALENT 2018

#### Candidates

Implementing techniques to exploit vulnerabilities in XEE web applications - XML External Entities

Nov 2018 - Nov 2018

### Preliminary round of the Southern Region Information Security Student Contest 2018

#### Candidates

CTF

Otc 2018 - Otc 2018

### Seminar on the new generation of fire walls (NGFW) - Palo Alto Network

#### Candidates

Training Firewall

June 2018 - June 2018

### Computer Network & Information Security Open Competition 2018

#### Candidates

CTF

Dec 2017 - Dec 2017

### IT HUTECH GOT TALENT 2017

#### Candidates

Implementing techniques to exploit XSS web application vulnerabilities - Cross-site scripting

Nov 2017 - Nov 2017

### Preliminary round of the Southern Region Information Security Student Contest 2017

#### Candidates

CTF

Sep 2017 - Sep 2017
